November 2017

1 From 15/11/17 to 29/11/17

- Research of a project we are interested in. We all agree on working on a commercial flights visualization.

- We found a dataset on http://ec.europa.eu/eurostat/fr/data/database where there is interesting data about commercial flights in Europe.

- Reflection on what we want to visualize (cf Design Sketches)

- Set up of Github Organization.

- 2 pages article

2 From 15/11/29 to 06/01/17

- cleaning of dataset

- aggregation of data

- implementation of the data in D3

- add tooltip

3 From 07/01/29 to 10/01/17

- add slider

- add zoom + zoom boundaries

- button departurearrival

- add coordinate of destination and departure
